

Mahmud Hasan

AI Engineer

mah5472651@gmail.com · Barishal, Bangladesh · github.com/mah5472651 · linkedin.com/in/mahmudhasan-ai-engineer/

SUMMARY

High-growth AI Engineer bridging advanced research and production-grade AI systems. COO of Craftly (building a frontier LLM) and Founder & CEO at Aeitron AI (multi-agent automation for high-ticket sectors). Specialized in multi-agent orchestration, advanced memory architectures, cybersecurity intelligence, and high-performance RAG pipelines.

EXPERIENCE

COO · AI Engineer · Craftly

Present · Bangladesh / Remote

- Serve as COO while building a frontier LLM — aligning research, engineering, and product delivery.
- Drive production-grade AI systems: evaluation, reliability, and the path from prototype to shippable capability.
- Lead cross-functional teams to compete at a global level from Bangladesh.

Founder & CEO · Aeitron AI

Present · Barishal, Bangladesh / Remote

- Founded Aeitron AI to engineer multi-agent automation workflows for high-ticket sectors including real estate.
- Specialize in multi-agent orchestration, advanced memory architectures, and high-performance RAG pipelines.
- Own product vision and technical direction for automation systems that operators can trust in production.

SELECTED PROJECTS

Aeitron — Scratch-Trained Cybersecurity & Agentic Coding LLM

From-scratch cybersecurity LLM: training control plane, defensive data mixing, FSDP/DeepSpeed workspace, and gated 1k!1M qualification.

Aeitron AI Finance Dashboard

Unified Agency OS for finance, invoicing, CRM, and team tools with an AI copilot for real estate lead analytics.

SKILLS

AI Systems: Multi-agent orchestration, advanced memory, high-performance RAG, LLM productization, cybersecurity intelligence

ML & Deep Learning: PyTorch, Transformers, Fine-tuning / LoRA, NLP, Evaluation & evals, Prompt systems

LLM Stack: RAG pipelines, Agents & tools, Vector search, LangChain / LangGraph, vLLM / inference

Software: Python, TypeScript, FastAPI, PostgreSQL, Team leadership, Product & ops (COO/CEO)
